

CSPD Disbanding Plan

In order to facilitate the flow of parade entries once they have reached the disbanding area, CSPD requests the following procedures as part of the parade entry process:

1. Each transportation vehicle must attach a clearly visible placard in the bottom center portion of the windshield indicating your parade entry number. **ENTRANT MUST PRINT #** on 8.5 x 11 paper.
2. All horse entries park/load on Vermijo west of Cascade to facilitate departure. An officer will assist in crossing Cascade. Space is limited, please double up if at all possible.
3. All buses enter the disbanding area from Costilla, northbound on Tejon to Vermijo before the parade begins. Even numbered entries park East of Tejon facing outbound toward Nevada. Odd numbered entries park west of Tejon facing outbound toward Cascade.
4. All floats and vehicles participating in the parade continue south from Vermijo to unload passengers and breakdown the floats.
5. If circumstances dictate your riders need to stay on your entry to get back to staging (disabled and the elderly) your entry will be held to the end of the parade and police will escort you back to the Staging Area.
