Colorado State University Extension, U.S. Department of Agriculture and El Paso County cooperating.

Spotlight

[DIY Masks](#)

Due to non-symptomatic and pre-symptomatic cases of COVID 19, the Center for Disease Control recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies.)

It continues to be important to maintain physical distance of six feet between people to slow the spread of COVID 19

Click on [DIY Masks](#) for instructions on how to make your own!
