El Paso County Fair Wrap Up

Congratulations to each exhibitor in the 2020 El Paso County 4-H/FFA Show! The COVID pandemic made life much more challenging for us this year. We are so proud of each one of you who stepped out and faced challenges head on to continue your learning and skill building with your project work.

The quality in your work was evident! We're extremely grateful to El Paso County and the Fair Board for coming up with a unique solution for 4-H members to highlight their project work.

Find photos and highlights from this year's fair at the end of this newsletter!

Announcements

To Our Volunteers

Behind every 4-Her is a group of volunteers that have vested their knowledge, time, love, and encouragement into growing that youth. 4-H volunteers become family to our youth and each other as they laugh, cry, yell, and work together. The 4-H volunteer is the first to rise and the last to leave for the day. The 4-H volunteer will drop whatever priority to assist the youth. The 4-H volunteer supports the youth through the best and worst times; through thick and thin. The 4-H volunteer dedicates enough hours that it could count as a second job.

In El Paso County, our 4-H volunteers never lost sight of why we do what we do for the youth. We couldn't ask for a better team to be a part of! They teach us how to be better people every day and continue to show us what it means to give for future generations. Thank you for an amazing county fair for our youth in one of the most trying years! Thanks for all you do for the youth! We couldn't ask to be surrounded by a better group of people!

Sincerely,

The El Paso County 4-H Office Staff

Project Completion Requirements for 19-20

With the uncertainty of COVID and the challenges many members faced with project work; we are adapting the project completion requirements for the 2019-2020 4-H Year. Traditionally, project completion requires:

- Community service
- A speech or demo related to the project area
- Record book completion with a score of 70% or above

For this year, all member project areas will be considered complete (and therefore, eligible to enroll in during the 20-21 4-H year) if a record book is submitted, receiving a score of 70% or above. ***For members enrolled in General/FCS/Natural Resource or Shooting Sports Projects, the record book is only due for grading if it was not submitted with a County Fair Exhibit.**

WE NEED YOU To Join Youth County Council

Youth County Council is open to all 4-H members in El Paso County. This is the only Youth Advisory Council in the county. It provides opportunities for leadership, and the ability to have a voice in county programming. Plus, we have a lot of fun! On August 25, we'll have a (virtual) meeting to recap our year; what went well, what we could improve on, and what ideas we have for the upcoming year. There will also be a brief presentation about what leadership opportunities are available through YCC.

For those wanting to bring issues before the council this is the format we will take:

Each person (youth member or parent of youth member is eligible to speak)

- 1 minute for sharing wins and what you liked from the 19-20 year
- 1 minute for challenges, complaints, improvements
- 1 minute for sharing plan or program you'd like to see in the 20-21 year

To attend this meeting, just click the link below to register.

After registering, you will receive a confirmation email containing information about joining the meeting. Come check us out! Your voice is needed and important for our 4-H program in El Paso County!

You are invited to a Zoom meeting.

When: Aug 25, 2020 6:30pm

Register in advance for this meeting:

Common issues that delay 4-H Club/Committee Charter approval

- Did you make the required changes to your bylaws?
 - The extension office can provide a soft (editable) copy of your bylaws if you don't have one. Email Emily and Charity and CC Karla Wiesner.
- Issues with the Financial Report:
 - **Clubs with no bank accounts** must submit this document with the statement 'no account' written on the form
 - The **starting balance** on every club's financial report **MUST match the ending balance listed on last year's financial report.** The CSU Extension Office can provide this information.
 - **The financial report must balance**— the office must be able to take your starting balance, add your annual income, subtract your annual expenses and arrive to the reported ending balance
 - **The financial report must be signed**
 - Both signers must have signature rights on the bank account

- The bank statement submitted must be the June 1-30, 2020 bank statement
 - The balance on the bank statement does NOT have to match the ending balance on your financial report as we understand there are items which may not have cleared
 - Clubs with no bank account must submit a letter stating they have no account
- **Annual Review of Club or Group Funds: all answers on this document must be YES or N/A for your charter to be approved by the state office**
 - **If your answers are 'No' for any of the questions on this document, please contact the extension office as soon as possible.**

Be sure to email all inquiries and or documents to Emily Tobler at Emily.Tobler@colostate.edu, Charity Cagle at Charity.Cagle@colostate.edu and Karla Wiesner at Karla.Wiesner@colostate.edu. **We ask that all questions and documents be submitted to the entire staff to ensure you receive a response as fast as possible!**

You can find all chartering forms and instructions on the El Paso County CSU Extension Website under Leader Toolbox, Club Chartering:

Project Record Book Guidelines-2020

All information below can be found in the [El Paso County 4-H Policies for Success](#)

4-H Project E-Records Overall Policies (Applies to all record books)

- 4-H members must complete an E-Record for each project the 4-H member is enrolled in and receive a score of 70% or above.
- The official rubrics and score sheet should be used when grading E-Records. Rubrics and score sheets are posted on the El Paso County Extension website on the Leader Toolbox page under the Record Books tab. If a record book is graded using the wrong rubric or does not follow outlined policies than it will not move onto further outside grading.
- Club organizational leaders are responsible for collecting and ensuring the following record books are graded by the deadline set by the El Paso, CSU Extension office:
 - Animal record books
 - General/Family and Consumer Science/Shooting sports record books that were not submitted for grading at El Paso County Fair
- Organizational leaders can delegate the grading of the record books to project leaders or other knowledgeable 4-H Volunteers
- If a 4-H member turns in an unsatisfactory E-Record, they should be given one week to revise the E-Record to reach a score of 70% or higher. If E-Record revisions are required and completed, the 4-H member will not be eligible for end-of-year E-Record awards, but the satisfactory revisions will meet the completion requirement. Members that choose not to make the necessary changes to reach a score of 70% or higher will not meet the completion requirement.

Family Consumer Science/Shooting Sports

- E-Records for Family Consumer Science, Shooting Sports, and General Projects will be turned in at the El Paso County Fair with the 4-H member's exhibit (only if the 4-H member chooses to exhibit).

Animal Record Books

- 4-H members in animal projects must complete an enterprise E-Record book. This means that only one record book per project area (Example: Companion animals, horse, dog, breeding livestock, and market livestock). This means you will combine species within project areas o Examples: breeding rabbits and breeding beef in one book (breeding livestock record book) ; market swine and market goat in one book (market livestock record book); companion rabbit, llama, and cavy in one book (companion animal record book).
- **Breeding projects and market projects must be kept in separate books due to supplementary forms.**
- 4-H members are encouraged to use 4-H E-Record folders, which can be purchased at the El Paso County Extension Office, or thin covers, not 3-ring binders as they take up too much space.
