

# Colorado State University El Paso County Extension 4-H Policies for Success

All 4-H Members and their families are expected to be familiar with the El Paso County Extension 4-H Policies, as well as the Colorado 4-H Youth Development Policies from Colorado State University Extension. It is necessary that 4-H members and their families read and understand both sets of policies as each policy addresses state and county standards that are equally essential to administering and facilitating a successful 4-H Program. The Colorado State Extension 4-H Policies supersede the El Paso County Extension 4-H Policies when something is not addressed in this document.

The El Paso County Extension 4-H Policies are intended to cover the non-competition-related policies of the El Paso County Extension 4-H Program. The El Paso County Extension 4-H Policies do not disclose rules, regulations, or requirements regarding specific competitions. Information for specific competitions can be found on the El Paso County Extension website and in the El Paso County Fair Book.

Colorado State University is the land-grant institution responsible for the administration of the Extension program in Colorado. Through CSU, at the local level, the El Paso County Extension 4-H Agents are responsible for administering the El Paso County Extension 4-H Program.

# The CSU Extension, El Paso County 4-H Program

## General Description

4-H is a community of young people, ages 5-18, across America, learning leadership, citizenship, and life skills. The El Paso County Extension 4-H Club Program serves youth with similar interests who meet to learn a new skill in a 4-H project area.

The 4-H year runs from **October 1 - September 30**.

All 4-H members, including Cloverbud members and volunteer-leaders, must be enrolled in only one county, and only one club in the El Paso County Extension 4-H Program.

## Logos, Names, and Emblems

Only 4-H clubs, 4-H entities, enrolled 4-H members, and 4-H volunteer-leaders may use the 4-H name and emblem; i.e., the 4-H clover. Other uses must be authorized by the state 4-H Youth Development Director.

## 4-H Membership

The El Paso County Extension 4-H Program welcomes youth from any county, ages 5-18 (as of December 31 of the current 4-H year), regardless of race, color, creed, sex, national origin or disability.

### 4-H Membership/Age

4-H age is the age of the individual on December 31 of the current 4-H year.

- Cloverbud members: 5-7 years old (non-competitive)
- Junior 4-H members: 8-10 years old
- Intermediate 4-H members: 11-13 years old
- Senior 4-H members: 14-18 years old
- 4-H Volunteer-Leaders: 18+ years old

### Cloverbud Membership

*“The primary goal of the 4-H Cloverbud program is to promote children’s healthy development—mentally, physically, socially, and emotionally.”*<sup>1</sup> 4-H Cloverbud members are recognized as 4-H members for the purposes of enrollment, they are considered to be in a special 4-H membership category with regard to program and policy. It is neither the intent nor the objective for 4-H Cloverbud members to duplicate the 4-H Member experiences that are designed for older 4-H youth, nor to create a “mini-4-H” concept. As a result, 4-H Cloverbud membership is fundamentally different than general 4-H membership.

- 4-H Cloverbud members participate in occasional, non-competitive, age-appropriate, properly supervised events or activities.
- Cloverbud members enroll in the Cloverbud Project only. 4-H Cloverbud members should not have ongoing projects of any kind.
- 4-H Cloverbud members may not handle animals, firearms or equipment of any kind.

## 4-H Membership in a County other than the County of Residence

- 4-H members may join and enroll in projects in only one county at a time.
- Members may participate as 4-H members in only one county fair per enrollment year, and exhibit project(s) in only one county, per enrollment year.
- 4-H membership can be transferred from one county to another with written approval by the county Extension offices in both counties, which is a requirement for a transfer to take place. Transfers may only occur when the family moves, the 4-H member lives part of the year in one county and part of the year in another county, or as other situations arise and are approved.
- When a situation exists that necessitates change of residence mid-year, state and local 4-H fees will be assessed in both counties.
- Should a county Extension program close, 4-H members residing in that county will not be allowed to join 4-H in another county unless they have been enrolled in another county's 4-H Program prior to the closure of the Extension office in the county of their residence.

  - Pygmy and Dairy goats will be in one book with any other market project that youth might be enrolled in. Unless they are enrolled in a breeding project with pygmy and dairy goats then they will be in one book with other breeding animals There are two breeding supplement pages. One is titled Goat Doe Record supplement page which is used for breeding boer does and pygmy does. The second one is titled Individual Doe supplement page is used for dairy goats..
- Breeding projects and market projects must be kept in separate books due to supplementary forms.
- Rabbit Record Book
  - Each year, rabbit project members often don't know how many books they need to do if they are enrolled in more than one rabbit project (example: market rabbit, breeding rabbit, and/or companion rabbit). To help alleviate the confusion, we will use the "1 barn,1 book" approach. This means that if you are **enrolled in more than one rabbit project**, the youth will submit one market livestock record book with all rabbit project areas and if needed the breeding supplement pages. Each column needs to reflect one rabbit project and contain all the information for that project in order to receive completion. The grading record book sheet will also reflect the "1 barn,1 book" approach.
  - There was also confusion about when to use the companion book. It should only be used if you are NOT enrolled in breeding or market rabbit projects and only show pet rabbits.
  - See attached grading rubric
- Poultry Record Book
  - Will no longer use breeding supplements for any poultry projects
  - They will use the livestock record book, this includes show birds
- 4-H members are required to use 4-H E-Record folders to qualify to go onto higher grading, which can be purchased at the El Paso County Extension Office or on the 4-H Shop Website.

## 4-H Project Completion Requirements

1. Participate in a demonstration or other speech-arts presentation.
2. Participate in a community service activity through or with the club.
3. Complete an E-Record for each project the 4-H member is enrolled in and receive a score of 70% or above, graded by club volunteer-leaders or other designated personnel, selected by the club.
4. **NOTE:** Clubs may have additional participation requirements for continued participation in their club and to maintain active status within the club. This is different and separate from county and state project completion requirements and may vary from club to club.

## Project Completion Enforcement

- Enforcement of completion requirements is handled by the El Paso County Extension 4-H Agent(s) at the El Paso County Extension Office. Organizational Club Leaders must submit documentation, included in the [End of Year Report](#), of 4-H members who fail to complete their demonstrations and community service portions of the requirements.

- If a 4-H member fails to complete a project, the member may not enroll in that same project the following 4-H year.

## Specific 4-H Project Guidelines

### Cloverbuds Project

All Cloverbud members must enroll in the Cloverbuds project. Cloverbud members are not permitted to enroll or participate in any other 4-H project.

### Shooting Sports Project

#### *Participation & Completion*

- Any 4-H member of 4-H age 8 or older may enroll and participate in the Shooting Sports project.
- 4-H members are invited to participate in the 4-H Consumer Science & General Project judging day in order to exhibit during the El Paso County Fair, as well as, the County Shooting Sports competition. However, neither contest is required for project completion.
- 4-H members must be enrolled in a shooting sports discipline; i.e., .22 pistol, .22 rifle, air pistol, air rifle, archery, muzzle loading, outdoor skills, shotgun, etc. to compete in that discipline.
- 4-H members may compete in all disciplines at county and state competitions subject to the requirements outlined in the [Colorado 4-H State Shooting Sports Rulebook](#) and El Paso County Fair Book.
- 4-H members must participate in an annual SQA (Shooter Quality Assurance) Training once per 4-H year.

#### *Colorado Division of Wildlife Hunter Safety Certification*

1. A Hunter Safety certificate is mandatory to participate in the El Paso County 4-H Shooting Sports program. For hunter safety classes and fees, contact the [Colorado Division of Wildlife \(CDOW\)](#).
2. CDOW Hunter Safety certification is required to participate in the County and State Shoot Competitions.
3. **Once a 4-H member obtains a Hunter Safety Certification Card, the number and an image of the card must be entered and uploaded electronically on 4HOnline by the 4-H member by May 1.**

### Animal Projects

Please note that violation of these requirements may result in disqualification of all animal projects for a given year.

#### *Primary Care of 4-H Animal Projects*

- The 4-H member must provide the primary and continuous care of their project animal(s) from beginning to completion of the project.
  - Primary care means that the 4-H member enrolled in the project takes the majority of the responsibility for the project, with assistance from family members or 4-H volunteer-leaders.
  - There may be rare circumstances when 4-H members may not be able to provide the necessary care for the animal at a particular time; i.e., illness, short vacations, etc. On such rare occasions, another individual may be called upon to provide secondary care.
- It is recommended that there is at least a 60 day ownership period for Market Swine, Market Sheep, and Market Goat Projects. It is recommended that there is at least at least a 120 day ownership period for the Market Beef Project. Random checks may be conducted by the El Paso County Extension 4-H Agent regarding care and feeding of project animals during the ownership period.

- The 4-H member should be the only individual to prepare and care for the project animal when it is being exhibited at the El Paso County Fair. If a 4-H member needs assistance for safety or educational reasons, another El Paso County Extension 4-H member (in good standing), immediate family members, or an El Paso County Extension 4-H volunteer-leader may provide it. If the 4-H member receives assistance, the 4-H member must be present, involved, and participating in the activity to learn from the teaching and instruction. The primary work should not be done for the 4-H member.

### *Animal Ownership*

- Each 4-H member shall own their 4-H exhibit(s). 4-H members must be able to show ownership of market animals. Non-market animals may be co-owned or leased (dog projects cannot be leased).

### *Leased Procedures*

- Lease agreements are not authorized for market animals or dogs.
- A copy of the lease agreement must be uploaded in 4HOnline by **May 1 with Animal IDs** as the 'County Use Form'. This rule supersedes the animal ownership rule published in the County 4-H Policy regarding duration of ownership, all other stipulations are still applicable as outlined in the policy.
- If 4-H members choose to lease an animal, they must indicate that information on the [Animal Care and Housing Form](#).
- 4-H members may only lease two animals for project areas in which they do not already own those animals. For example, if you already own boer goats you may not lease a boer goat, but if you own boer goats and would also like to try dairy goats, you can lease a dairy goat.

### *Animal Identification*

- All 4-H market animals; i.e., animals produced for consumption, must be individually identified; i.e., ear tags or other identification, at the tag-in date published in the 4-H Newsletter. Tag-in establishes ownership. All market animals must be owned by the established tag-in date. The tag-in date is the only time animals can be nominated for the Colorado State Fair.
- All market beef, market sheep, and market goats must be retinal scanned for identification purposes facilitated and arranged by the El Paso County Extension Office.
- Animal ID's (breeding livestock, horses, miniature horses, dogs, cats, llama/alpacas, pygmy goats, utility goats, and dairy goats) must be uploaded in 4HOnline by **May 1**.

### *Meat Quality Assurance Training Requirements*

1. All new and current 4-H members advancing to intermediate (11 years old) or senior (14 years old) 4-H members must complete a Meat Quality Assurance (MQA) workshop if enrolled in any goat, beef, sheep, swine, poultry or rabbit project(s). This must be done at least 45 days prior to the El Paso County Fair in order to be eligible to exhibit at the county and/or state fair(s). Proof of compliance must be submitted to the El Paso County Extension Office.
2. All 4-H members are required to attend a MQA training during their first year in a livestock project regardless of their age.
3. If the 4-H member is unable to attend an MQA workshop in El Paso County, the 4-H member may attend an MQA workshop in another county **OR** they may obtain a Youth for the Quality Care of Animals ([YQCA certification online](#)) or in person at their own expense. YQCA certification is only valid for 1 year and therefore the member will need to attend a Colorado MQA training the following year. A member cannot do YQCA in back to back years to satisfy MQA requirements at this time.
4. 4-H members enrolled in market and/or breeding livestock projects will complete and sign the

Wholesome Meat Act Agreement at the El Paso County Fair. By signing the agreement, 4-H members indicate their understanding of and compliance with the Wholesome Meat Act and the Ten Good Production Practices; i.e., taught during MQA. Additionally, the consequences of failing to comply with the Wholesome Meat Act Agreement may result in removal from all 4-H livestock projects for the 4-H member /family. This agreement must be completed for each livestock project the 4-H member is enrolled in.

### ***YQCA formerly Pork Quality Assurance (Market and Breeding Swine Project Members Only) and/or National Show Requirements for ALL SPECIES***

PQA certification has been replaced with YQCA (Youth for the Quality Care of Animals) which now includes all species. Members exhibiting market hog projects at state or national shows will be required to obtain an YQCA certification (each show will have their own requirements). This certification is only valid for 1 year. YQCA is available as an online program for youth everywhere in the United States and covers all species. YQCA in-person workshops may be available to youth where organizations have partnered with YQCA to have qualified trainers offer in-person workshops. YQCA certification is the responsibility of each individual exhibitor. YQCA may be required of all species at various national and regional shows. Please check individual show requirements if you plan to exhibit at the show. Meeting those requirements for YQCA will be the exhibitor's responsibility.

### ***Compliance with Colorado Laws***

In compliance with Colorado laws, the tampering with or drugging of livestock and/or sale of adulterated meat is prohibited for all 4-H members enrolled in a 4-H animal project. If legal charges are brought against any 4-H member, they will be suspended from participation in all 4-H livestock activities, pending resolution of those charges. If found guilty, the 4-H member will be prohibited by the El Paso County Extension 4-H Program from all livestock projects for one year and characterized as a member not in good standing.

### ***Animal Forms and Guidelines***

#### **1. [Code of Show Ring Ethics](#)**

All 4-H animal project members and their parents must agree to the terms and conditions of the Code of Show Ring Ethics Agreement in order to exhibit at any county 4-H competitive event, including the El Paso County Fair. This needs to be completed one time annually regardless of the number of animal projects a 4-H member is enrolled in. Code of Show Ring Ethics Forms are signed in 4HOnline.

#### **2. [Animal Care and Housing Form](#)**

All 4-H animal project members and their parents must complete and sign the Animal Care and Housing form in 4HOnline and submit a hard copy to their leader. The hard copy Animal Care and Housing Form should be given to club leaders or sent to them via email. Club leaders then must submit these forms to the El Paso County CSU Extension Office.

**\*\*4-H staff or 4-H superintendents may verify this information by conducting animal site visits\***

[4-H Humane Animal Care Guidelines](#) must be reviewed and practiced by every person enrolled in 4-H animal projects.

#### **4. **Helmet Policy****

A certified equestrian helmet with safety harness fastened in place is required in all classes and events, activities and practice sessions. See the [Colorado 4-H Youth Development Policies](#) for a full explanation.

## Exhibition and Contests

- Exhibition of 4-H projects in local, county or state fairs is considered a privilege and is voluntary on the part of the 4-H member.
- Exhibiting 4-H projects provides 4-H members with an opportunity for project evaluation, display for public appreciation, engagement in wholesome competition, and participation in an educational and social environment with peers.
- As project exhibition is a privilege, it is the 4-H member's responsibility to abide by all rules applicable to the respective 4-H project and exhibition. Not following the established guidelines of the projects will be grounds for exclusion from the exhibition.
- The El Paso County 4-H Fair Book lists 4-H project exhibition requirements. In order for 4-H members to exhibit at the El Paso County Fair, requirements must be met. 4-H members should check updated El Paso County 4-H Fair Book requirements in the most current El Paso County 4-H Fair Book, as there are few changes from year to year.

The deposit will be returned if the complaint is upheld. The deposit will be forfeited to the El Paso County Extension 4-H Program if the complaint is not sustained. Complaints will be reviewed by responsible parties; i.e., the El Paso County Extension 4-H Agent, 4-H Program Coordinator, and/or a 4-H Advisory Committee. Decisions made by the responsible party or parties are final. Costs incurred to resolve the protest will be paid by the protester if the protest is not sustained or by the 4-H member if the protest is sustained.
