This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all exhibits in any event at a show. In addition to the "IAFE National Code of Show Ring Ethics," fairs may have rules and regulations which they impose on the local, county, state, provincial, and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine examples. Owners, exhibitors, fitters, trainers, and responsible persons who violate the code of ethics will forfeit premiums, awards, and action proceeds, and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and shows. Exhibitors who violate this code of ethics demean the integrity of all exhibitors and should be prohibited from competition at all animal shows in the United States and Canada.

The following is a list of guidelines for all exhibitors in competitive events.

- Misrepresentation of ownership, age, or any facts relating to your animal is prohibited.

- Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or show officials.
- Exhibitors are expected to care for and groom their animals while at the fairs or shows. The act of entering an animal in a show is the giving of consent by the owner, exhibitors, fitters, trainers, and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in events, which culminates with the animal entering the food chain, shall not be administered drugs other than in accordance with federal, state, and provincial statutes, regulations, and rules. If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from indicates the presence of forbidden drugs or medications, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of saliva, urine, blood, or other sample tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with burden of the owner, exhibitors, fitters, trainers, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or show premises, all treatment involving the use of drugs, and/or medications shall be administered by a licensed veterinarian.

- Agility is a State Fair qualifying event.
- Dogs must be at least 12 months to participate in foundation agility and at least 15 months to compete in Novice and above classes.
- Vet approval is needed before participating in any 4-H agility program. Vet and trainer signatures are required for any competition (Forms will be provided).
- Handler and dog must know basic commands at the time of competition.
- Two family members may share a dog, but there is a maximum of 4 runs per dog per day.
- Before the competition begins, the handler will walk the course (without their dogs).
- Any dog whose hair covers its eyes, must have its hair pulled back to prevent an obstructed

view.

- Food, toys, or any other training devices are not allowed on the course.
- BUCKLE COLLARS and tabs (4-6 inches) are allowed for the foundation and novice classes. Buckle collars are allowed in all classes, but it is preferred your dog wears no collar for safety reasons.
- Handlers MUST wear rubber soled, closed toe shoes (aka tennis shoes).
- There are 2 different course types in agility: Jumpers and Standard. Competitors may compete in both types.
- The Classes are Foundation, Novice, Intermediate, Advanced and Veterans (for dogs 7 years and older).
- To advance in class levels, (from Novice to Intermediate for example), a dog/handler team must have earned a qualifying score (or "Q") at the County Fair Agility Trial OR proof of a qualifying score from an outside organization (AKC, ASCA, etc).
